

Illinois.... Refrigerators

Are the kind that give most perfect satisfaction. They are built on scientific principles, embodying the passing of air from the storage chamber to the ice chamber where all odors and moisture is deposited, the purified air passing back again to the storage chamber. In this way the most perfect refrigeration is obtained.

Everyone Should See These Refrigerators

Before they determine what kind they will buy. Remember also that our spring offerings in carpets, rugs, matings, etc., is most complete, and that our furniture stock has the stamp of the highest excellence both in style and durability. Our prices are always fair and goods first-class.

SAD DEATH OF A BOY.

Laurence Olson Passes Away
Suddenly at Oregon, Ill.,
Today.

HAD GONE THERE FOR A VISIT.

Leaving Home Yesterday Apparently in
Better Health Than Usual—Illness Dates
Back to the Beginning of Late War.
When He Was Sorely Disappointed Because
He Could Not Go to the Front.

Laurence F. Olson, son of Assistant
Postmaster and Mrs. O. P. Olson,
died suddenly at 3 o'clock this morning
at the home of his aunt, Mrs. Selma
Walberg, at Oregon, Ill., whither
he had gone yesterday with his mother
for a visit. The announcement was a
sad and shocking blow to the father,
as when his son left home he appeared
to be in much better health than usual,
and it was thought that a change of
surroundings would have the hoped
for result. Laurence was a sufferer
from enlargement of the heart and dropsy.
His illness dated back to the beginning of the Spanish-
American war. Laurence was a member
of the Moline Naval Reserves. He was
devoted to the service. But when the
call to the front was received his condition
proved a barrier to his acceptance by the
enlisting officers, as Laurence was then
ailing from an attack of malaria. He had
passed the first examination, and so anxious
was he to go with his comrades that he
followed the boys to Chicago, still hoping for
an opportunity to enlist. But his mission
proved to be in vain. He returned home,
and since had not had a well day. Mr.
Olson left for Oregon at noon to join
Mrs. Olson on her sad journey home with
the remains, which will arrive tomorrow.

McMaster. William B. McMaster died at 11
o'clock last night at St. Anthony's
hospital of paralysis, an attack of which
followed locomotor ataxia, with which
he had been afflicted for upward of a
year. Since 1884 Mr. McMaster had
made his home in Kansas. He returned
to Rock Island the first of last month,
but owing to the condition of his health
was obliged shortly after his arrival to go
to the hospital. He was aged 56 years and
single. The funeral will be held at 2:30
Friday afternoon from the residence of
deceased's parents, Mr. and Mrs. S. W.
McMaster, 2922 Fifth avenue.

Schatz. Christian Schatz, Sr., died of paralysis
and apoplexy at 11:30 last night at
his home, 700 Ninth street. Mr. Schatz
had been a resident of Rock Island since
1870 and for many years had conducted
a saloon. He was born in Wurtemberg,
Germany, June 22, 1840, and came to
America in 1854, first settling in New York
state. He is survived by his wife and nine
children: Emma, Mary, Bertha, Christian,
Jr., Anna, George, Rose, Joseph and
Harry. Mr. Schatz was a member of
Island City lodge No. 4, A. O. U. W. The
funeral will occur from his home at
2 p. m. tomorrow.

Circuit Court. A panel of jurors, to report June
19, has been drawn as follows:

falo Prairie; W. L. Black, Orrin Cork,

sick, G. A. Lovejoy, C. W. Gleason,

mann, W. J. Gamble, Rock Island;

The Chance for Army Service. Lieut.
Bethel, in charge of the Rock Island
recruiting station for the regular
army, is anxious to secure as many
recruits for the regular army as possible
during the time his office is estab-
lished here. The men are to be en-
listed as a provisional army, for 3-
years' service, and will be distrib-
uted among companies and regiments
for service in the Philippines after
being taken into the army. The men
will be mustered out individually and
not by companies at the time of their
discharge. The recruiting office is in
Mitchell & Lynde's building.

Drink Grain-O. After you have concluded that you
ought not to drink coffee. It is not a
medicine, but doctors order it, be-
cause it is healthful, invigorating and
appetizing. It is made from pure
grains and has that rich, dark brown
color and taste like the finest grades
of coffee and costs about one-fourth
as much. Children like it and thrive
on it, because it is a genuine food
drink containing nothing but nourish-
ment. Ask your grocer for Grain-O,
the new food drink. 15 and 25 cents.

HIS HOME CITY'S HONORS.

Why the Reception to Maj. Hawes Was
Confined to Rock Island.

One of the Moline papers has mani-
fested some feeling that the reception
given to Maj. C. W. Hawes on his
return from Kansas City, was con-
fined to Rock Island. Woodmen and
citizens. While it is natural that
Woodmen of both the adjoining cities
of Moline and Davenport, and the en-
tire county of Rock Island for that
matter, should share in the desire to
do honor to Head Clerk Hawes, and it
is gratifying that they should feel so,
yet the fact that the demonstration
was not given greater scope was not
due to oversight, intentional or oth-
erwise. At the first meeting, last
Friday, to consider the suggestion of
giving the major a reception, the idea
of inviting the Moline and Davenport
camps to participate in the making
of it as far as possible a county affair
was duly considered, but the impres-
sion prevailed then that both Moline
and Davenport, having been honored
by the head clerk, the former in the
choice of the state head physician, and
the latter in the re-election of the
head adviser, would desire to pay some
attention to the distinction shown the
Woodmen officially recognized in their
respective cities, and as it was then
deemed likely that all would return about
the same time, it was thought best
to avoid the possibility of confusion, the
shortness of the time in which to act
not only making it impossible to
adopt the plan of a county affair, but
emphasizing the essential importance
that a comprehensive plan, subject to
as little change as possible, be adopted
and carried out. It was decided that
the only arrangement which could be
properly carried out under the cir-
cumstances was for Rock Island to
give her distinguished citizen a sponta-
neous demonstration of appreciation
such as is felt by the Woodmen
and citizens generally of his home
city, and this is what was done.

PERSONAL AND SOCIAL.

J. H. Foster, of Drury, was in the
city today.
J. H. Trimble, of Peoria, was in the
city yesterday.
Dr. W. C. Braden, of the Burling-
ton, is in the city.
Louis Winchets, of Chicago, was in
Rock Island yesterday.
Mr. and Mrs. Robert Garber are
visiting in McCausland, Iowa.
Carl J. E. Roehow has arrived home
from his studies at Champaign.
Fred Thordenberg is in the city
from his studies at the state univer-
sity.
P. M. Conates, chief clerk of the sixth
division of the railway mail service,
is in the city.
Mrs. Albert Trefzger, of Peoria, is
visiting at the home of Mr. and Mrs.
S. J. Woodin.
F. B. Heffner and W. A. Liscum,
Burlington conductors, are in Hot
Springs, Ark.
Mr. and Mrs. Pearl S. Hotchkiss,
who have been visiting relatives in
the city, return to Harrington, Kas.,
tonight.
Rock Island friends of Henry Stelck
have received invitations to his grad-
uation from the law department at
Northwestern university.
Will Driggs and Miss Madge, daugh-
ter of Circuit Clerk and Mrs. G. W.
Gamble, are to be married at the Con-
gregational church, Moline, July 11.
F. E. McAfee, formerly operator
for the Postal company in this city,
now of Elgin, returned to that city
today, after an urgent visit with his
mother, who is dangerously ill at her
home in Davenport.

From the Wreck. The engine, No. 850, and coaches
that were in the wreck at Gonessa
Sunday night on the Rock Island pre-
sented a sorrowful spectacle as they
passed through the city enroute to
the company's shops at Davenport.
The engine was relieved of its pilot,
right steam chest, the sand dome was
smashed, stack broken, headlight
gone, and the running board was also
smashed in. The condition of the
coaches bears out the statement of
the victims of the wreck that it was
a miracle they escaped alive.
M. E. Riedy, the injured mail clerk,
is probably fatally hurt. He was
found lying on his face and was bleed-
ing from a bad gash in the cheek and
also from a deep gash from one ear to
the other. He was also injured in-
ternally. Mr. Riedy is a popular and
well liked man among the postal em-
ployes.

A Wheel Offered. The local agents for the racy-
cle, Messrs. Bennett & Sherwood, have
made an offer that will doubtless urge
the Rock Island ball players to do
even faster work than they are doing
now, if such a thing were possible.
They have hung up a \$50 wheel for
the member of the team who makes
the best average during this season.
This offer applies to every man who
is now a member of the club or joins
it before July 1, and plays to the end
of the schedule season. The batting
record of each member of the team
will be on the blackboard at Bennett's
glove store every evening.

Millions Given Away. It is certainly gratifying to the
public to know of one concern in this
land who are not afraid to be generous to
the needy and suffering. The propri-
etors of Dr. King's New Discovery for
Consumption, Coughs and Colds have
given away over ten million trial bot-
tles of this great medicine, and have
the satisfaction of knowing it has ab-
solutely cured thousands of hopeless
cases. Asthma, bronchitis, hoarse-
ness and all diseases of the throat,
chest and lungs are surely cured by
it. Call on Hartz & Ullemeyer, drug-
gists, and get a free trial bottle.
Regular size 50 cents and \$1. Every
bottle guaranteed or price refunded.

A Card of Thanks. I wish to say that I feel under last-
ing obligations for what Chamberlain's
Cough Remedy has done for our fam-
ily. We have used it in so many
cases of coughs, lung troubles and
whooping cough, and it has always

We feel greatly indebted to the man-
ufacturers of this remedy and wish
